

# Part Number Structure

D	M	XX	-	-	-	-	-	-	-	-	Price
<b>METER SIZE</b>											
	4" Meter	04									\$ 1,696
	6" Meter	06									\$ 1,790
	8" Meter	08									\$ 1,978
	10" Meter	10									\$ 2,452
	12" Meter	12									\$ 2,944
<b>POWER &amp; OUTPUT OPTIONS</b>											
	Battery Power / No Outputs ( Default )	-									\$ 0
	Battery Power / Pulse Output	1	0	.	.						\$ 0
	DC Power (10-32v) / 4-20mA Output	2	.	0	.						\$ 0
	DC Power (10-32v) / 4-20mA Output / Pulse Output	3	.	.	.						\$ 0
	Battery Power / Smart Output Only	-									\$ 0
	Battery Power / Pulse Output / Smart Output	4	0	.	.						\$ 0
	DC Power (10-32V)	5	.	0	0						\$ 0
<b>POWER CABLE LENGTH OPTIONS</b>											
	No Cable - Output Configured	0									\$ 0
	6ft (Open Leads - Hardwired only) [Default]	1									\$ 25
	25ft (Open Leads)	2									\$ 45
	50ft (Open Leads)	3									\$ 90
<b>PULSE CABLE LENGTH OPTIONS</b>											
	No Cable - Output Configured	0									\$ 0
	6ft (Open Leads - Hardwired only) [Default]	1									\$ 30
	25ft (Open Leads)	2									\$ 50
	50ft (Open Leads)	3									\$ 100
	25ft (7-Pin Male Connector for Telemetry Output)	4									\$ 120
	50ft (7-Pin Male Connector for Telemetry Output)	5									\$ 190
<b>CABLE TERMINAL OPTIONS</b>											
	Open Leads ( Hardwired )	1									\$ 0
	Quick Connection Cable Terminals (25 and 50 feet only)	2									\$ 150
<b>MCCROMETER COMPETITOR* REPLACEMENT LENGTH OPTION</b>											
	McCrometer Dura Mag Length (Standard)	-									\$ 0
	Competitor* Replacement Length	S									\$ 0
<b>SMART OUTPUT OPTIONS</b>											
	Sensus Protocol (6ft cable, Nicor Connector hardwired only)								SEN		\$ 300
	Itron 6 digit Protocol (6ft cable, Nicor Connector hardwired only)								ITR6		\$ 300
	Itron 9 digit Protocol (6ft cable, Nicor Connector hardwired only)								ITR9		\$ 300
<b>COLOR OPTIONS</b>											
	McCrometer Green	-									\$ 0
	Sky Blue	W									\$ 120
	Dark Blue	DB									\$ 120
	Lavender	LV									\$ 120
<b>DATA LOGGER Standard Feature</b>											
Internal Data Logger (Default frequency every 12 hours)											

**Note: Lead time for all meters is 10 days. For orders larger than five meters, contact the factory for lead time.**

**Example part number:**  
This part number describes a replacement 8" meter with a lay length equivalent to a McCrometer competitor\*, with battery power, pulse output, Smart Output, no cable, a 25' 7-pin male connector for telemetry output for pulse output, and quick connect cable terminals on both cables. It has an Itron hardwired 6' Nicor connector. It is painted optional sky blue.
